## CONCRETE COVERS

### WET-POUR READY

The HIDE Concrete Lid with specially designed Edge Protector, provide the perfect solution for a consistent concrete finish, as the lid is filled and finished at the same time as the pool surrounds.

Pouring at the same time ensures the lid perfectly matches the selected surface finish in texture and colour.

If you are finishing your landscape in decorative concrete, the HIDE Concrete Lid, this is the product for you!

## DRAIN COVERS

HIDE Drain covers allow for your chosen landscape material to seamlessly conceal the drain access by doing away with standard metal or plastic grates.

A HIDE Drain cover will result in a visually appealing and discreet service cover.

These covers are suited to capture surface water which flows from outdoor patio areas and provide long term durability with improved visual appeal.

Consult your drain layer for site water flow and outlet suitability.

## Not all Skimmer Lids were created equal.

Traditional skimmer lid options have plenty of quality and safety concerns, which can cause severe headaches for homeowners and contractors alike. What's worse, is that many don't even meet relevant Pool Safety Standards!
